PROFILE

I left a career as a chemistry teacher to pursue software engineering in the summer of 2019, and I could not be happier.

As a developer, I get to use the critical thinking and communication skills that made me a great teacher while I enjoy the struggle and reward of learning new skills to craft responsive, useful web apps.

SKILLS

- ReactJS
- Javascript & jQuery
- NodeJS/Express
- MongoDB/Mongoose
- Python/Flask
- Postgres/SQL
- Heroku
- HTML5/CSS3

HOBBIES

When I'm not working, I enjoy playing with my one-year old, reading, making pizza, and listening to podcasts.
